

August 12, 2020

To the Board of Directors and Management
Mid-Coast Radio Project, Inc.
3901 Main St, Ste 203
Kansas City, MO 64111

This memorandum is to inform you that the audit for Mid-Coast Radio Project, Inc. for the year ended December 31, 2019, is currently being completed by McAuley & Crandall, PA. As of today, the audit report has not been issued.

The client engagement letter dated April 24, 2020, details the terms of the engagement and the services to be provided by McAuley and Crandall, PA. A combination of the delayed start of the audit compared to the estimated start date as originally discussed with management, and the impacts of COVID-19 working restrictions have resulted in the delay of completion of the engagement.

We appreciate your patience as we work through these delays.

Thank you,

McAuley & Crandall, PA

McAULEY & CRANDALL, PA
