

KKFI RADIO STATION LICENSE AND PUBLIC FILE

(Feb 2020)

The public file and station license are no longer kept by paper copy in the physical space of the station. Since 2018 they are kept online at the FCC website <https://publicfiles.fcc.gov/fm-profile/kkfi>. One can reach this file by googling KKFI FCC.

Anyone who requests to see either of these documents should be referred to the FCC website, which is accessible from anywhere at anytime. If the FCC website is inoperative for some reason, the documents can be accessed via a downloaded copy of the information on the front desk computer during business hours.
